

SUMMARY

Information Systems student at Universitas Pamulang and Administrative Staff specializing in digital payment operations at Indomaret Group. Experienced in transaction reporting, data analysis, and operational monitoring across 600+ retail stores. Skilled in Excel, SQL, KNIME, and Power BI for reporting, data visualization, and business insights. Passionate about Data Analytics, Business Intelligence, and transforming raw data into actionable decisions.

EXPERIENCE

PT Indomarco Prismatama (Indomaret Group) – Tangerang, Indonesia

Administrative Staff – Digital Payment Operations (Nov 2022 – present)

- ❖ Generated and maintained reports related to virtual transactions across 600+ Indomaret stores.
- ❖ Monitored the performance of digital payment services, including EDC, QRIS, mobile top-up, PLN, Payment Point, e-money, and other virtual products.
- ❖ Ensured stores could process transactions smoothly by identifying, tracking, and escalating operational issues.
- ❖ Conducted transaction data analysis and reconciliation to maintain reporting accuracy and support business operations.
- ❖ Collaborated with internal departments and external partners to resolve transaction-related incidents and improve service reliability.
